With an eloquence unmatched by any other living writer, Verlyn Klinkenborg observes the juncture at which our lives and the natural world intersect. His yearlong meditation on the rigors and wonders of country life—encompassing memories of his family’s Iowa homestead, time spent in the wide-open spaces of the American West, and his experiences on the small farm in upstate New York where he lives with his wife—abounds with various pleasures for the readers as it indelibly records and elaborates the everyday beauty of the world we inhabit. A New York Times Notable Book of the Year A Book Sense 76 Pick “Captivating, subtle, and splendid . . . Klinkenborg really is a Thoreau for today . . . Nonfiction storytelling at its highest: unflatteringly lovely, with scope, profundity, and power achieved through a mastering of the delicate.” —Kirkus Reviews “In a voice reminiscent of E. B. White, Klinkenborg paints a picture of a fading world in colors that are solid and authentic. His joy is evident throughout.” —Los Angeles Times “Arresting, even profound, forcing us to look at the world in a new way.” —Chicago Tribune

Crap CVs Jenny Crompton 2014-10-09 Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. Crap CVs is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

The Free Bastards Jonathan French 2021-09-28 The long-awaited war has come in the sweeping conclusion to the Lot Lands trilogy—another irresistibly swashbuckling, swaggering, foul-mouthed fantasy from the author of *The Grey Bastards* (“Nonstop action, though not for faint hearts.”—*The Wall Street Journal*). War has come to the Lot Lands—and Oats stands upon the frontline. The Hisparthan armies on the horizon are mighty, bolstered by divine champions, dread sorcerers, and gunpowder. It’s almost more than the half-orc rebellion can hope to repel. But Oats has won impossible fights before. He’s a thriceblood, after all, more orc than man. And he hasn’t forgotten how to kill. He’ll stack the bodies high for his chief and his brethren, if that’s the price of freeing the Lots from human tyranny. Besides, the invading forces are getting a damned sight more than they bargained for. They’re not facing a handful of half-orc hoofs, but a true army—one forged from all the peoples of the Lots. At its head are Fetching, in full command of the ruinous power that runs through her veins, and Jackal, armed with the blessings of a dead god. Yet Oats can’t help but find his faith wavering. Once the strongest Bastard, he soon realizes that in this battle, even the strength of a thriceblood is easily conquered. And after a grievous loss strikes, he begins to fear that this war will lead the Lots not to freedom but to ruin. So when another path to peace beckons, he has no choice but to walk it. Even if it means betting the Lots’ fate, and his own, on the promises of the Bastards’ wildest adversary—and making a perilous journey into the heart of Hispartha itself. Brimming with all the epic battles, surprising sorcery, and fiendish twists a Bastards fan could wish for, alongside unforgettable moments for characters old and new, *The Free Bastards* builds a new future for the Lots—even as it gives our beloved trio of Jackal, Fetching, and Oats the rousing, blood-soaked sendoff they deserve.

Greater Cincinnati Religious Peacemakers Various Religious Leaders from Greater Cincinnati 2021-09 Throughout human history, wars and violence have often been waged in the name of religions and in the name of diverging religious beliefs and belonging. Ironically, though, all religions in their teachings speak of nonviolence and have in common the promotion of peace and justice, namely the respect of human life and dignity, the institution of human rights, the protection of the poor and vulnerable, the freeing of the oppressed, the active elimination of injustice? It seems therefore, that violence and wars would be antithetical to religions; yet they are so frequently used as their justification. Are we then speaking of different "religions"? "Institutional religions," the ones structured by humans and that are brandished to lead violence and wars, become in fact quite foreign to the essence of the religions as they were established by their founders and that they intend to represent; they actually contribute to their destruction. Wanting to reflect on that point, I embarked, a few years ago, on giving voice to local religious individuals, whom I called "Religious Peacemakers," and who, each by living the essential teachings of their particular faith, contributed by their actions to peace and justice. I wanted to prove that their path, irrespective of their original religion, would be similar, and that their diverse faith, instead of separating them, would on the contrary end up uniting them.
